## Medicare Prescription Drug Coverage

Thank you for talking with me recently about the change in your prescription drug coverage. Remember that on January 1, 2006 your prescriptions will be covered by a Medicare Prescription Drug Plan. Because you receive Medicaid, you have been enrolled in a Medicare Prescription Drug Plan. If you want to be in another plan, you can switch plans starting November 15.

You can use the enclosed Comparison Guide to help you choose a drug plan that meets your needs. You'll need to write down the names and other information of all the prescription drugs you take now. Ask your pharmacist or doctor if you need help to fill out the form. You should then compare the medications on your list to the ones covered by the drug plans and pick a plan that meets your needs.

Although you won't be joining us for information and *lunch/dinner on November/December* , we can still help you compare drug plans by phone or in our office.

Please call me at *225/922-3127* if you think we can help.

Sincerely,

*Marsha Smith*
